§ WELCOME

Some things are made to be worn. Ours are made to be wanted.

Tannoir makes leather goods for play — serious about the hide, playful about the rest. Every buckle, strap and stitch is an invitation; you set the terms, and we make the object worthy of them. What follows is the full collection: nine families, hand-cut to order in full-grain hide, fitted in solid brass, and finished by hand.

Made to Measure

Yours, exactly — to your measure and your terms.

BY COMMISSION

Every Tannoir piece begins as a flat hide and a conversation. Bring a measurement, a colour or an idea, and we'll cut, stitch and finish a piece that is yours alone — made by the same hands, and to the same standard, as the collection.

I Made to Measure

Cut to your measurements, never a size chart. Send us three numbers and we do the rest.

II Leather & Colour

Choose the hide, the colourway and a contrast lining — Ink, Oxblood, or a shade we tan to order.

III Hardware

Solid brass, polished nickel or blackened fittings, hand-set to suit the piece.

IV Monogram & Embossing

Blind-embossed initials or a TN mark, pressed quietly into the leather.
